* **Optional Travel:** If the student elects, or the campus requires, participation in the international group travel option (roundtrip from a US gateway airport to the program) provided by the CCCU, the travel fee balance will be added to the amount billed to the home campus. Travel estimates for fall 2009 are based on best available group flight quotes as of February 6, 2009. Adjustments will be announced, if any of the airlines add significant surcharges prior to departure.

The optional travel fee is for airfare to/from the program and the US gateway airport (only). Required regional study travel is included in each program's Instructional Fee.

Deposits: During the confirmation process the student will have paid a \$300 (\$500 for the Oxford Summer Programme) confirmation fee. If the student participates in the group travel option, a \$125 travel deposit will have also been made. **Deposit(s) will be deducted from the final invoice that is sent to the home campus.**
