*** Optional Travel:**

If the student elects, or the campus requires, participation in the international group travel option (roundtrip from a US gateway airport to the program) provided by the CCCU, the travel fee balance will be added to the amount billed to the home campus. As of November 19, 2008 travel fees are based on group flight contracts, which have been paid in full on behalf of all students submitting deposits. Adjustments will be announced, if significant surcharges are added by an airline prior to departure.

The optional travel fee is for airfare to/from the program (only). Required regional study travel is included in each program's Instructional Fee.

Deposits: During the confirmation process the student will have paid a \$300 (\$500 for the Oxford Summer Programme) confirmation fee. If the student participates in the group travel option, a \$125 travel deposit will have also been made.

Deposit(s) will be deducted from the bill that is sent to the school.
