*** Optional Travel:** If the student elects, or the campus requires, participation in the international group travel option (roundtrip from a US gateway airport to the program) provided by the CCCU, this amount will be added to the amount billed to the school. Travel fees are actual for fall 2008, as of June 23, 2008. This optional travel is only for airfare to/from the program. Required regional study travel is included in the Instructional Fee.

Δ LASP Travel Options: For fall 2008, the three LASP concentrations depart from different cities on the return to the US. Thus, they have different costs. 1=Latin American Studies concentration; 2=Advanced Language & Literature; 3=International

Deposits: During the confirmation process the student will have paid a \$300 (\$500 for the Oxford Summer Programme) confirmation fee. If the student participates in the group travel option, a \$125 travel deposit will have also been made. The deposit(s) will be deducted from the bill that is sent to the school.
